

BOOKING WITH US

I offer a complimentary discovery telephone consultation where we will discuss your ideas, themes and concepts. I love to hear about your ideas so it's a good idea to allow an hour for this appointment. Following our call I'll draw up a proposal which I will e-mail across, at this point if you decide to go ahead I'll send you booking forms and contract and will take a 25% deposit to secure my services.

Minimum Spend:

There is no minimum fee for bridal party flowers where these are simply dropped off on the morning of your wedding.

Where styling is required a minimum spend of £600 for venues within 20 miles of our base in Poole and £1500 outside of this area.

Where mileage is applicable it will be charged at 90p per mile and added to your quote.

Prices cover one day's styling service at one venue and includes room turn around from ceremony to wedding reception. Additional day's styling, multi venue dressing and additional room change overs will be charged extra.

WEDDING FLORALS AND STYLING

Seeing your bride's beaming face as you drop off her bouquet, catching the groom gasp at the first glimpse of the ceremony and the newly wed couple's joy at seeing their reception dreams made a reality.

These are just some of the highlights for me on your wedding day!

At the start of your journey with us we'll ask about your ideas and look at the inspirational designs you've found and love.

From this we'll discuss colour palettes, flowers, vessels and styling.

As well as your wedding florals we also offer venue styling to give you piece of mind that the design of your wedding day will flow seamlessly from your bridal party flowers through to your venue design and styling.

From our initial consultation I'll be in hand to offer as much guidance and support as needed.

On the day you'll have a team of stylists to dress your venue so you can relax and enjoy your day. We'll then return the following day to pack down.

We've created a small selection of packages that together can built upon and tailored to your style or we can create a completely bespoke design package. Packages are based on 60 seated guests over 6 tables plus top table. Florals in the package are florists choice.

Bespoke designs and package prices vary depending on the size of your wedding and your individual floral preferences.

ESSENTIALS PACKAGE

Package includes:
